Associate in Arts (A.A.)

General Studies

We've designed this associate degree program to give you a strong educational foundation for our bachelor's degree programs. If you are interested in a liberal arts program, General Studies allows you to take courses of interest, to broaden your understanding of different subject areas, or to gain general background for further study.

New this Winter: The Speech-Language Assistant concentration in the Associate in Arts Degree. Develop knowledge in the speech-language field to make a difference in educational or health care settings.

Associate in Science (A.S.)

The Associate in Science degree is awarded for programs in professional and career-focused areas which can stand alone or provide a background for further professional study.

Behavioral Science

If you are in a helping profession, or work in human resources and administration, our courses will help you understand the dynamics of human behavior, sharpen your interpersonal skills, find resources, and solve problems.

Business

Whether you are the operator of a small business or work in larger settings, profit or nonprofit, you need to develop fundamental business skills to manage operations and advance your career. In this program you will develop a foundation in management and organization, marketing, and basic accounting.

Early Childhood Education

This program is designed to provide a foundation in developmental theory linked to practical application. Caring for young children is one of our society's most important responsibilities. From infancy, the physical, emotional, intellectual, and social growth of children is enhanced by nurturing environments and effective educators.

Bachelor of Arts (B.A.)

Individualized Studies

This program allows you to individualize an area of study in liberal arts. If you are interested in teaching, consider an Individualized Studies major in English Language Arts, Mathematics or Social Studies, leading to GSC's Post-Baccalaureate Teacher Certification programs.

Bachelor of Science (B.S.)

Applied Studies

If you have an associate degree in a technical or career specific field our degree in Applied Studies offers you a clear pathway to a bachelor's degree. Choose from three options:

- Allied Health Services
- Education and Training
- Management

New options this Winter in:

- Human Services
- Public Service Management

Behavioral Science

Understanding the dynamics of human behavior is essential in many fields. Learn the cross-disciplinary aspects of human behavior through the study of psychology, sociology, and human services, and pursue specific interests such as personality, stress, addiction, or family dynamics.

Business Management

Learn how to manage people and resources, plan for organizational change, and solve complex problems. These skills are critical in large and small businesses, profit and non-profit. A Bachelor's degree in Business Management provides strong preparation for leadership and business decision-making.

Criminal Justice

Our Bachelor's degree in Criminal Justice prepares you to work in law enforcement, parole, child protection or crisis intervention. It also serves as an ideal background for individuals planning to go to law school. In addition, there is an option in Criminal Justice Administration for those seeking management skills.

Early Childhood Education

The B.S. in Early Childhood Education prepares you to work in a variety of early childhood settings. This degree also leads to a seamless entrance into the Granite State College Post-Baccalaureate Teacher Certification program in Early Childhood and Early Childhood Special Education Birth to Age 8.

Health Care Management

This program offers a comprehensive foundation in health care administration, policy, emerging trends, financial management, and health information systems. Program graduates are prepared to coordinate technology, people, and resources efficiently in a variety of health care-related organizations.

Individualized Studies

Our Individualized Studies major gives you an opportunity to develop an area of study that integrates your own personal interests, academic objectives, and career goals with courses taken from the college's regular offerings in a range of subjects.

Minors

Minors give students an opportunity to specialize further in an area of interest that is distinct from the major. Minors are optional and are open to all bachelor's degree candidates. Visit granite.edu for a complete list of available minors.

Master of Science (M.S.)

Project Management

Granite State College's Master of Science in Project Management (MSPM) is a practice-oriented program ideal for managers who want to enhance their ability to integrate complex projects, motivate people and achieve cost-effective results.

Granite State College is accredited by the New England Association of Schools and Colleges through its Commission on Institutions of Higher Education.

WINTER COURSES

Winter is a great time to make progress toward your degree. With a range of course offerings and schedules, Granite State makes attending Winter classes easier than ever. Many Winter classes are enhanced with the use of Moodle. Hybrid (H) courses are a blend of online instruction and face-to-face sessions. Support is available if you are new to using Moodle. The eLearning+ Orientation Schedule is below, or contact your campus for one-on-one coaching.

New Student and eLearning+ Orientation

The anticipation of starting or returning to college is exciting! Of course it also comes with many questions. Students are eager to meet fellow students, learn more about their classes and have general questions answered. For these reasons, we offer new student and eLearning+ orientation sessions the week before each semester at a campus in each of our regions.

New Student Orientation

Date	Location	Time
Wednesday, 1/4	Manchester	5:30-6:30
Wednesday, 1/4	Conway	6:00-7:00
Wednesday, 1/4	Lebanon	5:30-6:30
Wednesday, 1/4	Rochester	5:30-7:30

eLearning+ Orientation Schedule

Date	Location	Time
Wednesday, 1/4	Manchester	7:00-9:00
Wednesday, 1/4	Conway	7:00-9:00
Wednesday, 1/4	Lebanon	7:00-9:00
Wednesday, 1/4	Rochester	5:30-7:30

Online orientation available at your convenience: my.granite.edu

*Granite State College's Master of Science in Project Management (MSPM) is a practice-oriented program ideal for managers who want to enhance their ability to integrate complex projects, motivate people and achieve cost-effective results. Acceptance into the MS Degree program or permission from the Director of Project Management program is required to take the classes listed here. Call 603.228.3000 or visit granite.edu for more information about this program.

**Classes held on the campus of Nashua Community College.

PREREQUISITE QUICK REFERENCE

The chart below is a quick reference guide to prerequisites at Granite State College. Many prerequisites can be met by equivalent transferred courses or prior learning experience. Refer to the current College Catalog and consult with your advisor if you have any questions about the prerequisites or your courses. In addition to prerequisites, some courses have recommendations of prior coursework. Refer to the catalog for details.

Course	Prerequisite(s)	Course	Prerequisite(s)

***Math** - Classes listed with this symbol require one of the following: an Accuplacer arithmetic score of 80 or higher, and an Algebra score of 36 or higher for MATH 502; an Accuplacer Algebra score of 75 or higher for MATH 504, or MATH 505. ***CATALOG** - Classes with this symbol require various prerequisites. Refer to our online catalog (WebROCK).

EDUCATION PROGRAMS

7 SEVEN new programs!

New this Winter the Office of Education is excited to offer five new certification and two certificate options for NH teachers and students. Below are the descriptions as well as the prerequisites for admissions.

CERTIFICATIONS:

Early Childhood Education

This certification program is designed to deliver an alternative route to certification for those seeking New Hampshire certification in Early Childhood. Granite State College will not offer this program as a stand-alone program, but will only offer it as part of a double certification program in Early Childhood and Early Childhood Special Education. Graduates of this program will be certified and highly qualified in both early childhood (preschool - grade 3) and early childhood special education (birth - age 8). *Prerequisite: BA/BS degree*

Mathematics, Grades 5-8

Graduates of this program will demonstrate competency in the area of mathematics for grades 5-8, including techniques for enhancing student learning and use of assessment results to improve instruction. Graduates of this program will be certified and highly qualified as Mathematics Teachers 5-8. *Prerequisite: BA/BS degree*

Secondary Mathematics, Grades 7-12

Graduates of this program will demonstrate competency in the area of Secondary Mathematics for Grades 7-12, including techniques for enhancing student learning and use of assessment results to improve instruction. Graduates of this program will be certified and highly qualified as Mathematics Teachers 7-12. *Prerequisite: BA/BS degree*

Certification: Reading and Writing Teacher K-12

Granite State College will offer this program for those already holding a NH Teacher Certification. It will expand the candidate's ability to meet the complex literacy needs of New Hampshire's students and increase their employability. Graduates of this program will be certified and highly qualified as Reading and Writing Teachers. *Prerequisite: Already a certified teacher*

English for Speakers of Other Languages (ESOL) K-12

Granite State College will offer this program primarily as an additional certification for already certified General Special Education or Elementary Education teachers, to expand the teacher's ability to meet the complex needs of New Hampshire's growing diverse population. Graduates of this program will be certified as ESOL teachers. *Prerequisite: BA/BS degree*

CERTIFICATES:

Applied Behavior Analysis

This 20-credit certificate program is designed to increase the professional effectiveness and improve student behavior outcomes. It is appropriate for individuals responsible for designing, implementing, and monitoring behavioral treatment and verbal behavior training programs in schools, private practices, and agencies such as psychiatric hospitals and training centers. Certificate does not meet teacher licensure.

Numeracy

This 20-credit certificate program is designed to increase teaching effectiveness and improve student outcomes in mathematics, and is appropriate for ALL teachers and paras. This certificate does not meet teacher licensure requirements, but may be applied toward a NH Mathematics teacher certification program.

Please call the Office of Education with any questions. 603.513.1393

Interested in a Teaching Career?

Dr. Mary J. Ford, Associate Dean of Education Programs will be holding information sessions at a campus near you. Discussions will focus on program options for anyone interested in pursuing a teaching career through an alternative certification route.

STUDENT RESOURCES

We're here TO HELP

Returning to or beginning a college education is an exciting endeavor. Adding classes, reading, research and writing to what may already be a busy life can present some interesting challenges. Developing efficient study habits and skills is essential to your success as a student. Granite State College is committed to seeing you achieve that success. Your student advisor is available to assist you with course planning.

Or call us toll free at 1.888.228.3000

Please call your campus to schedule an appointment. Student Success Centers at each campus have online computer access, books, study sheets, workshops, computer tutorials and tutoring assistance, and much more. In addition to new student orientations, academic coaches work with students and faculty to offer targeted workshops to meet needs in courses offered in the coming term. Your student success team is available to assist you with course planning and academic support.

College Catalog

In addition to your student success team at the campus, the college catalog is a good resource to help you choose your courses. The catalog contains information such as:

- course descriptions
- which courses fall into which general education categories
- which courses are required for each degree program

SMARTHINKING, an Online Tutoring Service

SMARTHINKING provides web-based tutoring and is available to you when you are enrolled in any course at GSC. This service is provided at no cost to you and supplements our existing student support services by offering you real-time online tutoring and homework help 24 hours a day, seven days a week.

You can log into SMARTHINKING by signing into your *MyGranite* account and clicking on the SMARTHINKING icon in the student announcement area.

Library Resources and Services

The Granite State College Virtual Library is online and provides 24/7 access to the full-text of thousands of journals and periodicals, online Reference e-books, selected Internet resources, citation information, and GSC LibGuides (course-specific research guides). You can find library resources on the GSC Library tab once you are logged into MyGranite.

NHCUC Academic Library Privileges

As a Granite State College student, you have access to NHCUC (New Hampshire College and University Council) academic libraries. NHCUC colleges include the USNH system libraries: University of New Hampshire, Durham and Manchester; Plymouth State University; Keene State College, and others. You will need a GSC ID card. Check with your Campus for details.

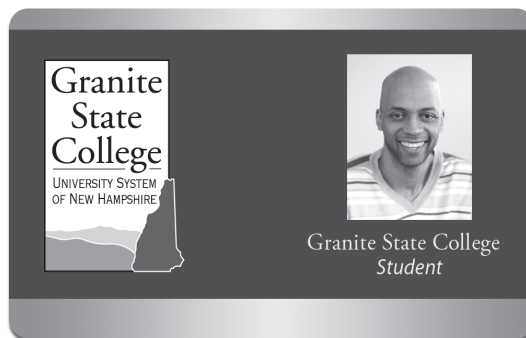

MyGranite

MyGranite is your pathway to online resources at Granite State College. Visit us online at my.granite.edu

- WebROCK: Grades, Financial Aid information, e-payments, online registration, online transcript requests, degree audit and enrollment verifications
- eLearning+: a suite of online learning tools, including access to online and hybrid courses.
- Library resources
- Important college announcements
- Links to other online resources
- Granite State College student email account
- The Academic Tool Kit—resource for learning

Student IDs

GSC picture IDs are available for all new students at the New Student Orientation held every term, and for all current students from 10:00 am – 2:00 pm and 4:00 - 6:00 pm on the first Thursday of every month at the Claremont, Concord, Conway and Rochester campuses.

Accuplacer

Accuplacer, a Computerized Placement Test, is one option used to determine placement for those registering for CRIT 500, ENG 500, MATH and selected management and science courses. This assessment tool is divided into four sections: reading comprehension, sentence skills, arithmetic and algebra. Campuses typically offer Accuplacer preparation workshops.

Call your local campus for workshop dates, more information about Accuplacer, exceptions, and Accuplacer as a course prerequisite.

You can also prepare for the Accuplacer exam, visit the Academic Toolkit at my.granite.edu.

CLEP and DSST Testing

Exams are efficient! Demonstrate your knowledge in a wide range of subjects and receive credit for what you already know with exams approved by the American Council on Education (ACE). You may choose from more than 70 general and subject examinations. Computer-based CLEP (College Level Examination Program) and DSST exams are offered at the four Regional campuses - call the campus near you for dates.

College Seminar IDIS 500

What's really expected by my professors in college?

What goals do I want to fulfill by pursuing my degree?

Am I as ready as I need to be for college writing and research?

Do my reading strategies work?

Do I have what it takes for college math?

How can I get the greatest value from my studies at Granite State College?

If you have some or all of these questions, consider College Seminar. It's a four-credit course that may count as an elective in your degree program and provides an alternative to taking the Accuplacer tests for placement. In College Seminar, the assessment and review of your skills in writing, reading comprehension, and math happens during twelve weeks of the class, with guidance from faculty and in the company of your fellow students. If you successfully complete the assessments embedded in College Seminar, you will meet the placement requirements for Critical Thinking and Contemporary College Mathematics.

Available Winter term.

Prior Learning Assessment at Granite State College

Flexible

- Prior learning assessment can be used to meet general education requirements, courses in the major, courses in the minor, or general electives.
- Prior learning credit can be awarded as a block or as individual course equivalencies.
- You can choose among several options for demonstrating college-level learning acquired from many types of life experiences, including workplace training, on-the-job learning, volunteer training, or self-study:
 1. Workplace & military training evaluated by the American Council on Education (ACE) or the New York Board of Regents' National College Recommendation Service (NRCS), formerly NPONSI.
 2. Training evaluated by GSC.
 3. Certification or License from Professional Credentialing Body.
 4. Standardized Testing (CLEP/DSST/Excelsior).
 5. Competency-based Training Portfolio.
 6. Experiential Learning Portfolio.
- If your learning doesn't exactly fit the current available options for requesting credit, an individualized option can be developed for you.

Affordable

- Standardized testing fees are low:
 - CLEP Test (\$77.00 + GSC registration fee of \$25.00)
 - DSST Test (\$80.00 + GSC registration fee of \$30.00)
- For up to one year after your admission to Granite State College, a flat fee of \$275. covers the submission and evaluation of multiple credit requests.

Rewarding

- Prior learning assessment focuses on identifying and demonstrating your strengths.
- Prior learning assessment provides an opportunity for reflective learning.
- Prior learning assessment integrates prior learning with the courses you will take with GSC, resulting in a very rich academic experience.

FINANCIAL AID

Payment for all classes must be made or financial clearance confirmed in order to remain enrolled. Students will be dropped from classes if payment arrangements are not made by the published due date for the term.

DUE DATE for Financial Clearance

December 30, 2011

Tuition payments or documented payment arrangement, (Including Financial Aid) are due for the Winter Term.

If you have not met conditions for financial clearance, contact the student accounts office for financing options.

603.513.1330 • 888.228.3000, ext. 330
student.accounts@granite.edu

Financial Clearance

Students are considered financially cleared when any of the following conditions are met:

1. Payment for all tuition, fees, and charges is made in full, or
2. A payment arrangement is approved by the Student Account Office for all remaining charges (ex. third party payments, VA, Voc Rehab, pending scholarships, etc.) or

Admitted Degree Candidates Using Financial Aid

3. Financial Aid is awarded and covers all charges, or
4. Financial Aid is awarded; however the award does not cover all charges and a payment arrangement with the Student Account Office is approved, or
5. Financial Aid applications (SAR, institutional application) and all required documents are received by the Office of Financial Aid and provisional clearance is approved.

Note: New degree candidates, or individuals applying for a subsequent degree, must have all admission and financial aid documentation in by the published due date for the term. If you wish to register and apply for admission and financial aid after the published due date for the term, another form of payment must be secured at the time of registration. Students may receive reimbursement after admission and financial aid award is determined and funds disbursed to account.

Contact the Office of Financial Aid if you have any questions at financial.aid@granite.edu or call 603.513.1392, or 888.228.3000, ext. 711

Notice of Availability of Financial Aid

Federal, State, and/or Institutional Financial Aid is available to all qualifying degree and post-baccalaureate students to assist with the cost of their education. Students must complete the Free Application for Federal Student Aid (FAFSA), the college application process, be admitted to an eligible program, and be attending at least half-time (4 credits per term) in order to receive aid.

Granite State College provides online resources, information, and disclosures to assist students seeking financial assistance at <http://granite.edu/finaid.php>. Please do not hesitate to contact the Office of Financial Aid if you have any questions at financial.aid@granite.edu or call 603.513.1392, or 888.228.3000, ext. 711. We are here to help!

Financial Policies & Procedures

Monthly Payment Option

Granite State College offers a monthly payment option at a nominal cost. This interest-free plan allows you to make payments in monthly installments for a single term or multiple terms within the same academic year. For further information, please contact the Student Accounts Office at 603.513.1330 or Tuition Management Systems at 800.356.8329 or afford.com/granite.

Refund and Withdrawal Policies

You may drop a course during its add/drop period by logging on to WebROCK, calling or emailing your campus or the Registrar's Office. You may also complete a Course Add/Drop form at my.granite.edu/resources/library/CourseAddDropForm.pdf and fax it to your campus or the Registrar's Office at 603.513.1386. If a specific drop date is not noted, the standard ADD/DROP deadline will apply. Tuition and fees are 100% refundable if a student drops a course in accordance with the following limitations:

- 12-week courses: drop prior to the end of the second week of classes.
- Unusually short-duration courses: drop prior to the first session.
- Learning Contracts: students are notified when registered by the Registrar's Office of the last dates to drop & withdraw.
- Weekend courses/courses beginning after the first week of classes: visit my.granite.edu

Note For Financial Aid Students

If you are receiving federal financial aid and withdraw from coursework in any given term, federal return calculations may apply. A pro rata schedule is used to determine the amount of federal aid a student has earned at the time of withdrawal up to the 60% point of each course length. You are responsible for any resulting account balance. Withdrawals do affect your completion rate for Satisfactory Academic Progress required to receive federal aid.

If you are (1) withdrawing from all your coursework in a term; and (2) planning to return for late start coursework in the same term; and (3) the official drop date for the late start coursework has not passed; you are required to provide the Office of Financial Aid with written confirmation of your intent to return during the current term to avoid a withdrawal calculation. Written confirmation may be provided on the Withdrawal Form or by emailing financial.aid@granite.edu at the time of withdrawal.

Advanced Funds for Federal Pell Recipients to Obtain Books and Supplies

Eligible Federal Pell recipients may have funds paid to their accounts ten days prior to the term start to cover the average cost for books and supplies if there is a credit balance on their account after direct charges have been paid. Students are responsible for repayment of these funds if they drop from any or all coursework. Students may opt out of this process by submitting the Opt Out of Advanced Funds Form. *Students who have a previous account balance are not eligible for Advanced Funds.*

UNDERGRADUATE REGISTRATION INSTRUCTIONS

How to Register

1. For each course you wish to take, check prerequisites and make sure you have completed all of them. Please note that some courses require a pre-registration skills assessment.
2. New students complete the registration form and fax, mail, phone, or drop it off at your local Campus. Admitted students register online at my.granite.edu.
3. Calculate the tuition and fees (check the course listings for any materials fees). You may pay for your course charges online or by phone (1.888.228.3000, ext. 330) by the due date for the term.

(Cash will not be accepted.)

You may also pay by mailing a check or money order to:

**Student Accounts
Granite State College
8 Old Suncook Road
Concord, NH 03301**

If a third party such as an employer or outside agency has agreed to pay all or part of your course charges, you must provide a written billing authorization to the Student Accounts Office. The billing authorization must be on official letterhead and include the billable amount. No extensions or deferments will be granted if you will be reimbursed for courses after the completion of a term.

4. Your registration is confirmed and you are officially registered when all tuition and fees are either paid in full, or when you have received financial clearance. You must complete this process before the deadline or you will be dropped from your courses. If you wish to re-register you will be charged an additional \$25.00 re-registration fee. You will be contacted only if the course for which you are registered is cancelled or is at its enrollment capacity.

5. You are responsible for purchasing your text books and materials. Textbooks are an additional expense. MBS Books is the authorized textbook supplier for the college. Detailed information on required books, including ISBN, is listed at:

**my.granite.edu
To order go online or call 800.325.3252
Fax: 800.499.0143**

Tuition and Fees

Please Note: Course charges, fees, and regulations are subject to approval by the University System Board of Trustees and can change without prior notice.

Tuition costs for Granite State College are as follows:

\$275	per credit hour**
\$550	per two credit course
\$825	per three credit course
\$1,100	per four credit course
\$275	per credit hour for learning contracts

***Tuition for out-of-state residents, as defined by USNH Residency Rules, is \$285 per credit.*

Registration Fee: \$30

Academic Services Fee: \$40

(for four or more credits)

Some courses have materials or other fees (see individual course listings).

Students must be officially registered in a course in order to attend. Credit is only granted for classes in which you are registered and have completed. Granite State College reserves the right to cancel, postpone, or combine class sections, limit registrations, or change instructors. We regret any errors in printing, but we accept no liability for them.

It is your responsibility to become familiar with the college's policies and procedures. Please check with our staff if you have any questions, and let us know if something arises which affects your learning experience. The college reserves the right to deny enrollment in any course when the prospective student lacks the necessary background or prerequisites.

Adding Courses

Students may register for a 12-week course during the official add/drop period by logging on to WebROCK, or by contacting their campus or the Registrar's Office. For courses that do not follow the 12-week schedule, specific ADD/DROP dates are posted on my.granite.edu.

Winter 2012 Add/Drop Schedule				
Dates	Add	Drop	Withdraw	Tuition Refund
10/4-1/20	OK	OK	NA	100%
1/21-2/24	NA	NA	OK	0%
After 2/24	NO	NO	Petition	0%

*Applies to 12-week courses.
