B.S. NURSING TRANSFER PATHWAY AT GSC

If you have an associate degree in Nursing from a regionally accredited college or university, your pathway is the B.S. in Nursing degree.

Degree requirements for the B.S. in Nursing include:

- An earned associate degree in Nursing from a regionally accredited college or
- A nursing diploma earned from a school of nursing or teaching hospital
- An active RN license issued from the state where the student is currently practicing is required.
- CRIT 502 Conducting Critical Inquiry
- History, Economics or Politics Elective
- Sociology Elective
- HLTC 550 The Emerging U.S. Health Care System
- HLTC 629 Law and Ethics for Health Care and Human Services
- MATH 504 Statistics
- NUR 600 Enhancing Your Nursing Career
- NUR 602 Evidence-Based Nursing Care
- NUR 603 Nursing Care of Populations
- NUR 604 Nursing Care of an Aging Population
- NUR 606 The Nurse as Leader
- NUR 607 Nursing Implications of Genetics
- NUR 608 Informatics and Technology in Nursing
- NUR 650 Integrative: Nursing Practicum
- Plus additional credit to total 120 credits. Additional credits can include transfer credit, elective credit, or a minor.

*If students do not have expected prior lower level coursework in transfer, they may satisfy these requirements at GSC in lieu of taking elective courses.

Transfer policy note: GSC will accept up to 90 credits in transfer. Transfer credits, exams, prior learning credit, and grades earned will impact the above listed requirements. Integrative Capstones, CRIT 502 and sixteen upper level credits in the major must be taken at GSC. Minimum degree requirements include 120 credits with minimum of 30 earned at GSC.

Students interested in this transfer pathway should consult with a GSC Advisor.
